How to Check In / Registration Method

Even if you use the app, please bring your patient registration card as it may be required.

Please keep your smartphone's Bluetooth turned on and Location Services set to "Always Allow" while you are in the hospital.

When you enter the hospital, a notification will be sent to your smartphone based on your location to confirm your arrival.

① Go to the "Guidance" menu.

② Tap on the "Contact" tab and check the reception guide displayed there.

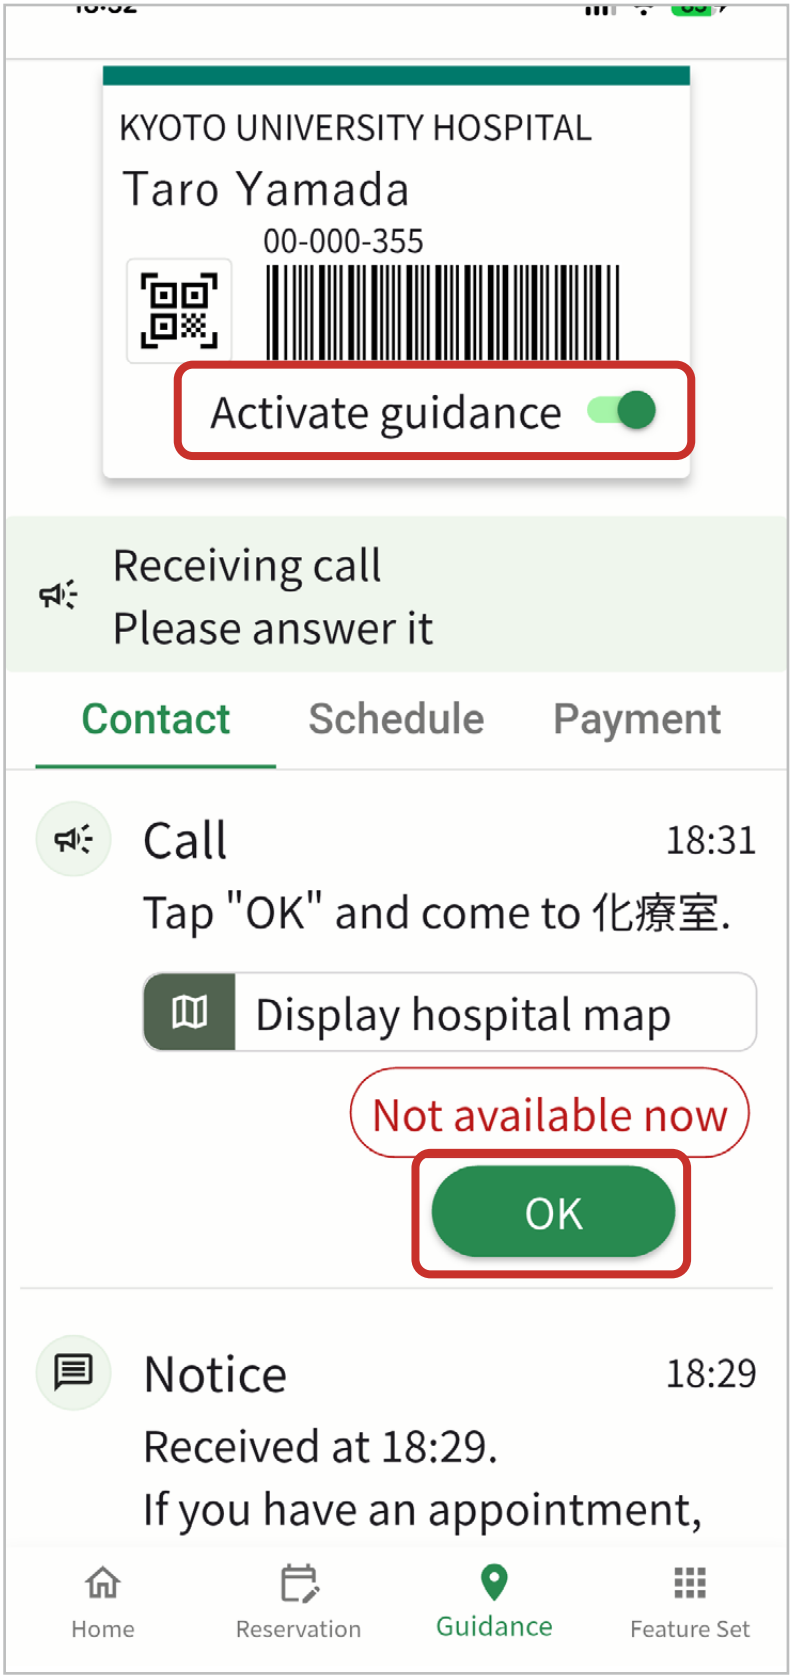

③ Tap "Reception"

Note1: You cannot check in before 8:15 AM.

Note2: A message will appear if your health insurance has not been verified. Please have it checked at the insurance verification counter.

Note3: Please note that various tests such as blood tests, urine tests, and radiology exams require a separate check-in at their respective reception desks.

Medical Examination and Test Guide

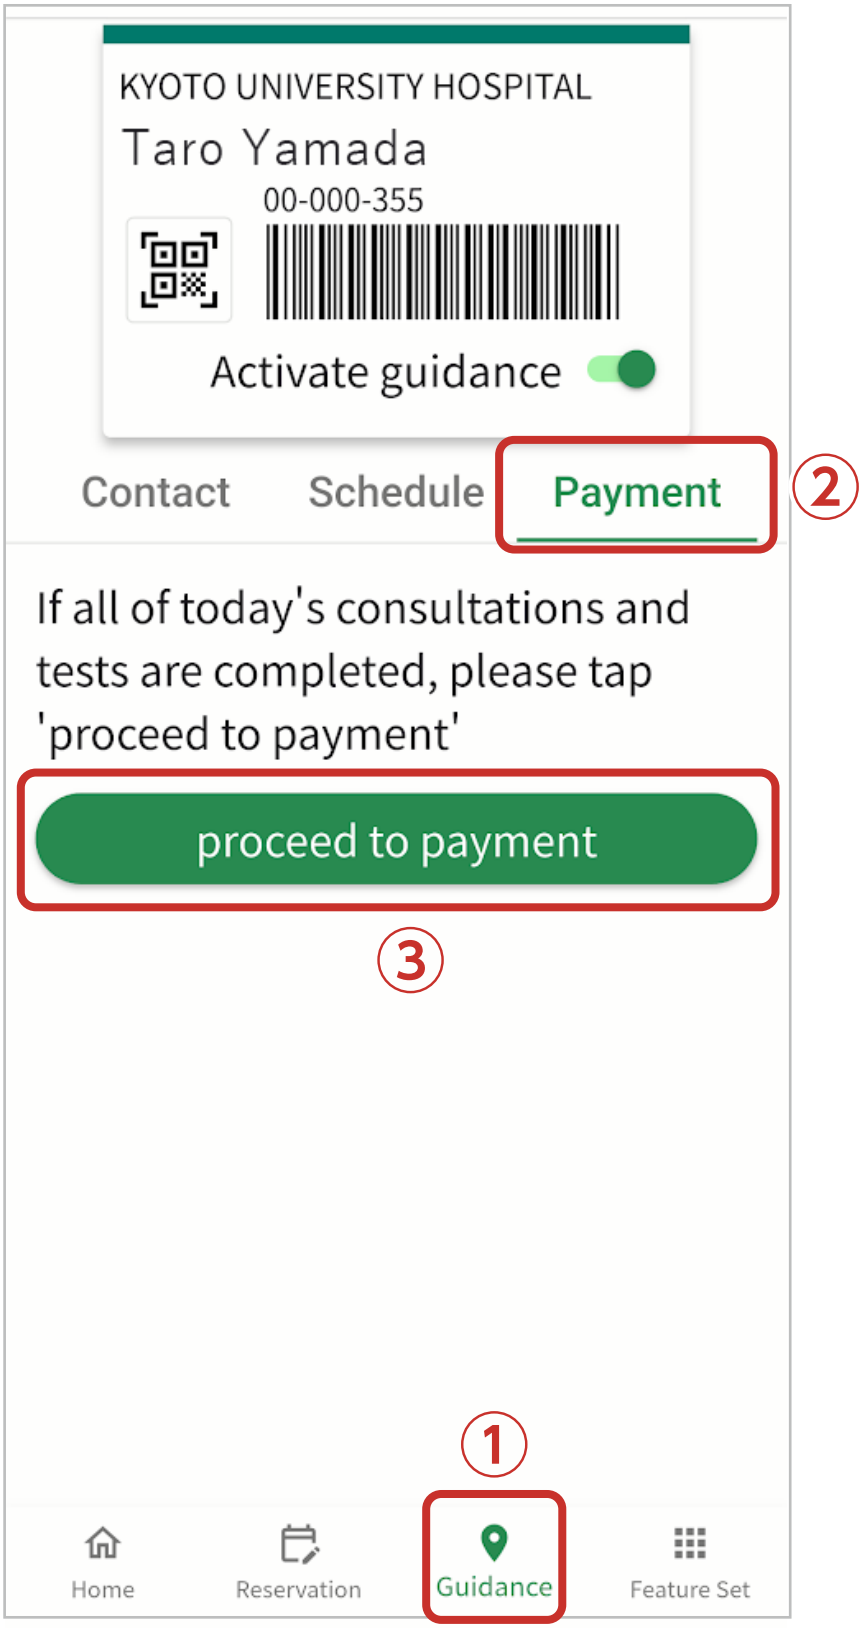

By tapping "Reception" and turning on "Active guidance," you will receive guidance notifications from this app.

Also, when a patient guidance message is sent, a response option such as "OK" will be displayed depending on the message.

Please follow the messages to move to the waiting area or examination room.

Completion of Medical Examination and Tests

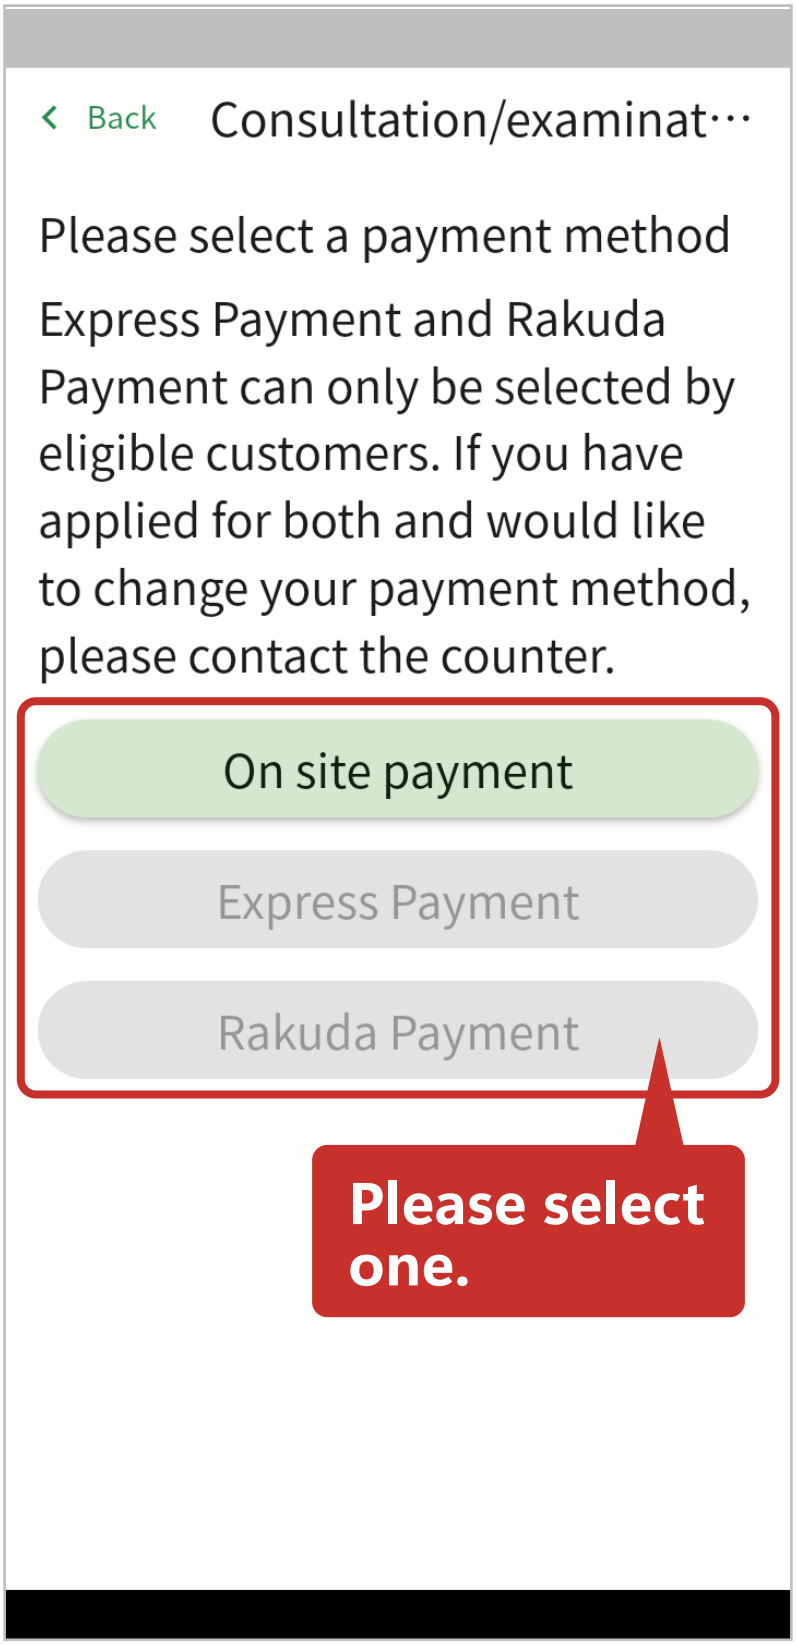

Once all of today's examinations and tests are complete,

① The "Guidance" menu

② The "Payment" tab

③ tap "proceed to payment"

Payment (Selection of Payment Method)

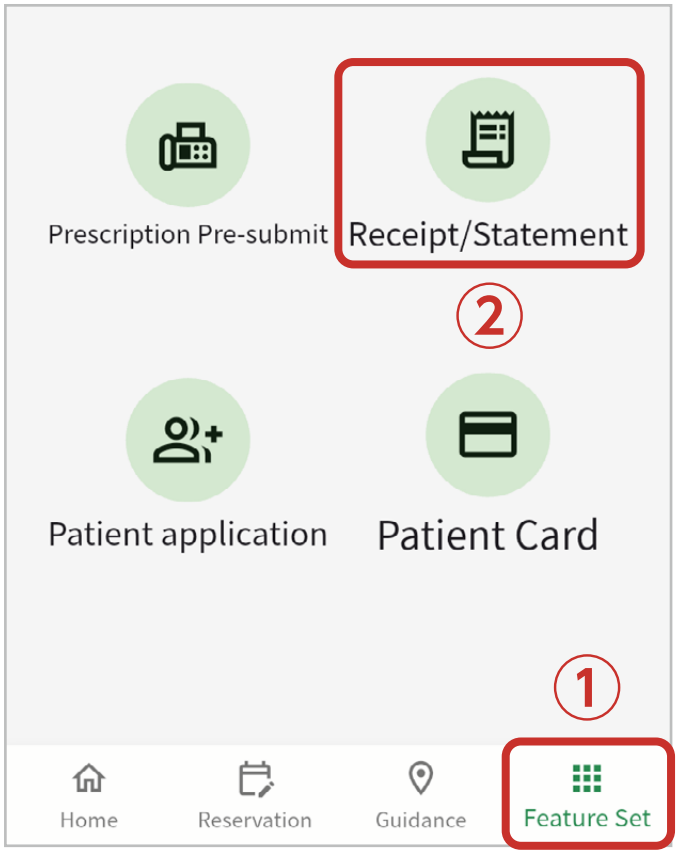

Note: that some payment methods may not be available depending on your specific conditions.
